WORK EXPERIENCE

eLearning Developer

CAVU.co

11/2021 - 07/2022

Achievements/Tasks

- Entered this role with negligible direct prior experience
- Prior to my hire, course production took ~6 months. Within 6 months in the role, production time was reduced to 6 weeks while simultaneously increasing quality and consistency. This was achieved via critical thinking, iterative solution refinement, and improving communication,
- Multimedia capture and editing
- Participant in Scrum events and activities
- Standardized file/asset organization policies
- Created a Community of Practice to increase the teams efficacy in Instructional Design
